MEMORANDUM FOR: CIA Librarian *MS*

SUBJECT: Directories of the International Communist-Front
Organizations and Communist Societies of
Friendship and Cultural Relations

1. We have received the above mentioned publication in the Library and propose to have it cataloged for the Reference Collection. We will then place a note in it asking users to report to the Chief of the Branch any corrections, additions or deletions they have knowledge of.

2. Continuous paging, a name index, and a publications title index would add greatly to the value of the publication. Continuous paging would also make for easier location of the references to individual organizations.

3. It is interesting to compare this publication with the British Directory of International Communist Front Organizations, which is unclassified. The British book gives more of the history of the organizations, their meetings, politics, former officers. The two should, I think, be used together.
